

Postsecondary Checklist Class of 2021

End of Junior Year:

- Look at some college applications and consider all of the different pieces of information you will need to compile.
- Make a list of teachers, counselors, employers, and other adults whom you might ask to write letters of recommendation for your college applications. (ASK EARLY!)

Summer:

- Continue investigating colleges
- Begin thinking about your applications. Generally, colleges will have their applications online by the beginning of August. Work on the essay before you return to school!

August/September

- Register for the SAT and/or ACT if you didn't take it as a junior, or if you aren't satisfied with your score and want to take it again. (remember that your counselor can help you with fee waivers)
- Take a look at some college applications and consider all of the different pieces of information you will need to compile.
- The SAT test date most popular with high school seniors is this month.
- Visit with your school counselor to make sure you are on track to graduate and fulfill college admission requirements. If you're ahead of schedule, consider taking courses at a local university or community college to get a jumpstart on college credit.
- Take every opportunity to get to know colleges: meeting with college representatives who visit your high schools during the fall, attending local college fairs, visiting campuses (if possible). Ask your counselor if they know of special campus visitation programs.
- Narrow down your list of colleges and begin to consider "safe," "reach," and "realistic" schools. Make sure you have the application and financial aid information for each school. Find out if you qualify for any scholarships at these schools.

Create a checklist and calendar to chart:

- Standardized test dates, registration deadlines, and fees
- College application due dates
- Financial aid application forms and deadlines
- Other materials you'll need for college applications (recommendations, transcripts, essays, etc.)

- Your high school's application processing deadlines

Some schools require the CSS/Financial Aid Profile. Ask the colleges to which you are applying for their deadlines. You can register as early as September. See your guidance counselor about fee waivers.

October

- The FAFSA (Free Application for Federal Student Aid) will be available this month starting October 1. This is the form you will complete to find out what financial aid you are eligible to receive from the government. Ask your guidance office for a copy or visit www.fafsa.ed.gov This form should be filed online if at all possible.
- Some colleges will have deadlines as early as this month. These would include rolling admission, priority, early decision, and early action deadlines.
- If you cannot afford the application fees that many colleges charge, ask your counselor to help you request a fee waiver.
- Finalize your college essay. Many schools will require that you submit at least one essay with your application.
- Request personal recommendations from teachers, school counselors, or employers. Follow the process required by your high school or provide a stamped, addressed envelope, the appropriate college forms, and an outline of your academic record and extracurricular activities to each person writing you a recommendation.
- Research possibilities of scholarships. Ask your counselor, your colleges, and your religious and civic groups about scholarship opportunities. You should *never* pay for scholarship information.

November

- Finalize and send any early decision or early action applications due this month. Have a parent, teacher, counselor, or other adult review the application before it is submitted.
- Every college will require a copy of your transcript from your high school. Follow your school's procedure for sending transcripts.
- Make sure testing companies have sent your scores directly to the colleges to which you are
- applying.

December

- Begin to organize regular decision applications and financial aid forms, which will be due in January and/or February.

- Register for the January SAT (If needed). It is the last one colleges will be able to consider for a senior.

January

- Many popular and selective colleges will have application deadlines as early as January 1. Others have deadlines later in January and February. Keep track of and observe deadlines for sending in all required fees and paperwork.
- If necessary, register for the February ACT (some colleges will be able consider it).
- Ask your guidance office in January to send first semester transcripts to schools where you applied. At the end of the school year, they will need to send final transcripts to the college you will attend.

Feb/March/April

- While most of your applications will be complete and you are waiting to receive admission decisions, don't slack in the classroom. The college that you do attend will want to see your second semester transcript. No Senioritis!
- Acceptance letters and financial aid offers will start to arrive. Review your acceptances, compare financial aid packages, and visit your final choices, especially if you haven't already.

May

- May 1 is the date when the college you plan to attend requires a commitment and deposit. When you've made your college decision, notify your counselor and the colleges. Send in your deposit by the postmark date of May 1. If you've been offered financial aid, accept the offer and follow the instructions given. Also notify schools you will not attend of your decision.
- Make sure that you have requested that your final transcript be sent to the school you will be attending.
- If you are "wait listed" by a college you really want to attend, visit, call and write the admission office to make your interest clear. Ask how you can strengthen your application.
